⑤ USB-A Port

⑥ USB-C Port

Using Your Product

Note: The type of plug varies by region.

When the power strip is turned on, the Grounded Protection Light and Surge Protection Light will turn white.

The surge protection feature can protect your computers, smartphones, and other electronic equipment against voltage fluctuations, surges, and spikes. If the Surge Protection Light is off, it indicates that surge protection is not functioning normally.

Connected Equipment Warranty

Anker Innovations Limited ("Anker") offers a limited Connected Equipment Warranty (CEW) for Anker Power Strips and Outlet Extenders as listed below. The product shall be purchased originally from Anker and free of defects in design, assembly, material, or workmanship. Anker reserves the right to update, amend, and/or revise the terms of this CEW.

For more details about the CEW, please refer to the official website:
